DIAMOND OBRIEN

American Headway 4 Scholastic Inc.

From the author of the highly acclaimed, New York Times bestselling novel *Pax* comes a gorgeous and moving middle grade novel that is an ode to introverts, dreamers, and misfits everywhere. Ware can't wait to spend summer "off in his own world"—dreaming of knights in the Middle Ages and generally being left alone. But then his parents sign him up for dreaded Rec camp, where he must endure Meaningful Social Interaction and whatever activities so-called "normal" kids do. On his first day Ware meets Jolene, a tough, secretive girl planting a garden in

the rubble of an abandoned church next to the camp. Soon he starts skipping Rec, creating a castle-like space of his own in the church lot. Jolene scoffs, calling him a dreamer—he doesn't live in the "real world" like she does. As different as Ware and Jolene are, though, they have one thing in common: for them, the lot is a refuge. But when their sanctuary is threatened, Ware looks to the knights' Code of Chivalry: Thou shalt do battle against unfairness wherever faced with it. Thou shalt be always the champion of the Right and Good—and vows to save the lot. But what does a hero look like in real life? And what can two misfit kids do?

The Ickabog Oxford University Press, USA

The world's best-selling English course - a perfectly-balanced syllabus with a strong grammar focus, and full support at all six

levels. Headway's trusted methodology combines solid grammar and practice, vocabulary development, and integrated skills with communicative role-plays and personalization. Authentic material from a variety of sources enables students to see new language in context, and a range of comprehension tasks, language and vocabulary exercises, and extension activities practise the four skills. "Everyday English" and "Spoken grammar" sections practise real-world speaking skills, and a writing section for each unit at the back of the book provides models for students to analyse and imitate. Workbook audio available at a [href="https://elt.oup.com/student/headway/?cc=gbandsellLanguage=en"](https://elt.oup.com/student/headway/?cc=gbandsellLanguage=en) www.oup.com/elt/headway/a.

Headway 1 Academic Skills 1 Listening and Speaking Student's Book OUP Oxford

"Instead of trusting kids with choices . . . many parents insist on micromanaging everything from homework to friendships. For these parents, Stixrud and Johnson have a simple message: Stop." —NPR "This humane, thoughtful book turns the latest brain science into valuable practical advice for parents." —Paul Tough, New York Times bestselling author of *How Children Succeed* A few years ago, Bill Stixrud and Ned Johnson started noticing the same problem from different angles: Even high-performing kids were coming to them acutely stressed and lacking motivation. Many complained they had no control over their lives. Some stumbled in high school or hit college and unraveled. Bill is a clinical neuropsychologist who helps kids gripped by anxiety or struggling to learn. Ned is a motivational coach who runs an elite tutoring service. Together they discovered that the best antidote to stress is to give kids more of

a sense of control over their lives. But this doesn't mean giving up your authority as a parent. In this groundbreaking book they reveal how you can actively help your child to sculpt a brain that is resilient, and ready to take on new challenges. The *Self-Driven Child* offers a combination of cutting-edge brain science, the latest discoveries in behavioral therapy, and case studies drawn from the thousands of kids and teens Bill and Ned have helped over the years to teach you how to set your child on the real road to success. As parents, we can only drive our kids so far. At some point, they will have to take the wheel and map out their own path. But there is a lot you can do before then to help them tackle the road ahead with resilience and imagination.

New Headway iTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTools works on all of these, and it doesn't matter which brand of whiteboard you have. Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and

chosen for that very reason. Just go ahead and use them in class, with confidence.

Headway English: A2 Student's Book Pack (DE/AT), with MP3-CD Evelyn Cabrera

An irresistible, nostalgic, insightful—and totally original—ramble through classic children's literature from Vanity Fair contributing editor (and father) Bruce Handy. "Consistently intelligent and funny...The book succeeds wonderfully." —The New York Times Book Review "A delightful excursion...Engaging and full of genuine feeling." —The Wall Street Journal "Pure pleasure." —Vanity Fair "Witty and engaging...Deeply satisfying." —Christian Science Monitor In 1690, the dour New England Primer, thought to be the first American children's book, was published in Boston. Offering children gems of advice such as "Strive to learn" and "Be not a dunce," it was no fun at all. So how did we get from there to "Let the wild rumpus start"? And now that we're living in a golden age of children's literature, what can adults get out of reading *Where the Wild Things Are* and *Goodnight Moon*, or *Charlotte's Web* and *Little House on the Prairie*? In *Wild Things*, Bruce Handy revisits the classics of American childhood, from fairy tales to *The Very Hungry Caterpillar*, and explores the backstories of their creators, using context and biography to understand how some of the most insightful, creative, and witty authors and illustrators of their

times created their often deeply personal masterpieces. Along the way, Handy learns what The Cat in the Hat says about anarchy and absentee parenting, which themes link The Runaway Bunny and Portnoy's Complaint, and why Ramona Quimby is as true an American icon as Tom Sawyer or Jay Gatsby. It's a profound, eye-opening experience to reencounter books that you once treasured after decades apart. A clear-eyed love letter to the greatest children's books and authors, from Louisa May Alcott and L. Frank Baum to Eric Carle, Dr. Seuss, Mildred D. Taylor, and E.B. White, Wild Things will bring back fond memories for readers of all ages, along with a few surprises.

New Headway English Course Crown Books for Young Readers From J.K. Rowling, a warm, fast-paced, funny fairy tale of a fearsome monster, thrilling adventure, and hope against all odds. Once upon a time there was a tiny kingdom called Cornucopia, as rich in happiness as it was in gold, and famous for its food. From the delicate cream cheeses of Kurdsburg to the Hopes-of-Heaven pastries of Chouxville, each was so delicious that people wept with joy as they ate them. But even in this happy kingdom, a monster lurks. Legend tells of a fearsome creature living far to the north in the Marshlands... the Ickabog. Some say it breathes fire, spits poison, and roars through the mist as it carries off wayward sheep and children alike. Some say it's just a myth... And when that myth takes on a life of its own, casting a shadow over the kingdom, two children - best friends Bert and Daisy - embark on a great adventure to untangle the truth and find out where the real monster lies, bringing hope and happiness to Cornucopia once more. Featuring full color illustrations by children from across the United States and Canada, this original

fairy tale from one of the world's most celebrated storytellers will captivate readers of all ages.

New Headway: Advanced Workbook with Key Simon and Schuster Notes with hints, suggestions, and 'possible problems' feature Photocopiable activities for every unit Teacher's Resource Disc - communicative activities, tests, grammar reference, word lists, tapescripts and audio

Comprehensive, challenging, and effective - the best of American Headway for upper-intermediate to advanced students.

A New Way: Artificial Intelligence And Robotics To Help Children With Cognitive Disabilities OUP Oxford

New Headway Beginner is aimed at absolute beginners, or those who have learned a little English but lack the confidence to build on it. It provides a solid foundation for New Headway Elementary. Its measured, step-by-step approach builds both skills and confidence. The right mix of language work and plentiful practice material enables learners to consolidate their knowledge of key points before proceeding further. The clearly defined grammatical syllabus includes past, present and future time and provides a thorough basis on which to build. The presentation of new language is gradual, methodical and clearly structured, giving learners a clear sense of progression. The vocabulary syllabus focuses on high-frequency survival terms and avoids overload. The gradual introduction of simple skills work with manageable communicative activities give learners a sense of achievement. 'Everyday English' practises social expressions in common situations and shows how learners can apply their knowledge in practical ways.

New Headway, Elementary Simon and Schuster

What a phenomenal read and with such invigorating thoughts! The creator exposes the significance and the requirement for man-made reasoning and mechanical technology to assist kids with mental handicaps. In this book, the writer investigates the convergence among AI and mental handicaps, making a value-based case for how AI's essential combination into a custom curriculum homerooms can reform understudies' learning results.

Wild Symphony Harper Collins

Returning to Fairyland after a long period away following her first adventure there, September discovers that her stolen shadow has become the Hollow Queen, the new ruler of Fairyland Below, who is stealing the magic and shadows from Fairyland folk and refusing to give them back.

Our Kids Harper Collins

NEW YORK TIMES BESTSELLING SERIES • Join Max's quest to become a knight in this laugh-filled, New York Times bestselling adventure from the author of the Big Nate series! "Max is epic fun!" --JEFF KINNEY, New York Times bestselling author of the DIARY OF A WIMPY KID series Max wants to be a knight! Too bad that dream is about as likely as finding a friendly dragon. But when Max's uncle Budrick is kidnapped by the cruel King Gastley, Max has to act...and fast! Joined by a band of brave adventurers--the Midknights--Max sets out on a thrilling quest: to save Uncle Budrick and restore the realm of Byjovia to its former high spirits! Magic and (mis)adventures abound in this hilarious illustrated novel from the New York Times bestselling creator of the Big Nate series, Lincoln Peirce. "Fantastic! I loved it!" --DAV PILKEY, New York Times bestselling author of the DOG MAN series

New Headway: Pre-Intermediate Fourth Edition: Student's Book Macmillan

Still the world's most trusted adult English course - American Headway Third Edition combines a perfectly-balanced syllabus with more conversation, assessment and digital teaching and learning resources than ever before.

The Explosive Child HarperCollins

Includes "After Yang," the basis for the acclaimed A24 film After Yang, starring Colin Farrell, Jodie Turner-Smith, and Haley Lu Richardson, and directed by Kogonada. A New York Times Notable Book "A darkly mesmerizing, fearless, and exquisitely written work. Stunning, harrowing, and brilliantly imagined." —Emily St. John Mandel, author of Station Eleven Children of the New World introduces readers to a near-future world of social media implants, memory manufacturers, dangerously immersive virtual reality games, and alarmingly intuitive robots. Many of these characters live in a utopian future of instant connection and technological gratification that belies an unbridgeable human distance, while others inhabit a post-collapse landscape made primitive by disaster, which they must work to rebuild as we once did millennia ago. In "The Cartographers," the main character works for a company that creates and sells virtual memories, while struggling to maintain a real-world relationship sabotaged by an addiction to his own creations. In "After Yang," the robotic brother of an adopted Chinese child malfunctions, and only in his absence does the family realize how real a son he has become. Children of the New World grapples with our unease in this modern world and how our ever-growing dependence on new technologies has changed the shape of our society. Alexander

Weinstein is a visionary and singular voice in speculative fiction for all of us who are fascinated by and terrified of what we might find on the horizon.

American Headway OUP Oxford

The bestselling author of *The O'Reilly Factor*, *The No Spin Zone*, and *Who's Looking Out for You?* talks straight to kids this time. He is as demanding, direct, and wry as ever—but he's also more revealing too, sharing candid snapshots of his own childhood throughout. Bill O'Reilly, a former schoolteacher, now an award-winning broadcast news journalist, husband, and father of two, joins forces with an experienced educator to bring you, America's youth, a code of ethics by which to live. In this latest book, Bill

takes to task bullies, cheaters, advertisers who target you irresponsibly, and parents who fight for their children to win undeserved honors instead of earning them on their own merit. He lays bare the unvarnished truths about sex, money, smoking, drugs, alcohol, and friends. What he has to say about these issues may very well surprise you. He offers coping devices for those enduring a divorce, struggling with teacher, parent, or sibling relationships, and planning their futures. He also shares wisdom on such subjects as death, politics, and God. Whether you take the tests he's provided, take the advice he doles out, or just take a cue from the personal stories he shares, you're bound to make smarter choices in your life, and that's all Bill asks for.
