Frensic and Futtle is a small and successful literary agency. But following a successful court case by a woman who claimed to have been libeled by one of their authors, the agency rapidly loses business. One day, a manuscript for a book called *Pause O Men for the Virgin* arrives at the agency, together with a note from the author's solicitor, saying that the author wishes to remain anonymous and that the agency has carte blanche on how it deals with the book. The book turns out to deal with the love affair between an 80-year old woman and a 17-year old youth. The populist American publisher Hutchmeyer agrees to sign a deal to publish the book in the United States for \$2 million, providing the author carries out a promotional tour of the country. Sonia and Frensic decide to use aspiring but unpublished author Peter Piper to stand in for the anonymous author. But when Piper receives a proof copy of *Pause* from the publisher by mistake, it takes a certain amount of persuasion and arm-twisting from Sonia Futtle to convince Piper to travel to America.

The Pursuit of Holiness University of Oklahoma Press

A teacher on the run. A bounty hunter in pursuit. Can two enemies learn to trust each other before they both lose what they hold most dear? Stone Hammond is the best tracker in Texas. He never comes home empty-handed. So when a wealthy railroad investor hires him to find his abducted granddaughter, Stone eagerly accepts. Charlotte Atherton, former headmistress of Sullivan's Academy for Exceptional Youths, will do anything to keep her charges safe,

especially the orphaned girl entrusted to her care. Charlotte promised Lily's mother she'd keep the girl away from her unscrupulous grandfather, and nothing will stop Charlotte from fulfilling that pledge. Not even the handsome bounty hunter with surprisingly honest eyes who comes looking for them. When Miss Atherton produces documentation that shows her to be Lily's legal guardian, Stone must reevaluate everything he's been led to believe. Is she villain or victim? Then a new danger forces Charlotte to trust the man sent to destroy her. Stone vows to protect what he once sought to tear apart. Besides, he's ready to start a new pursuit: winning Charlotte's heart.

In Pursuit of Memory Knopf

What do a Black American soldier, invalidated out at Yorktown, and a white British officer who deserted his post have in common? Quite a bit, actually. • They attempted to kill each other the first time they met. • They're liable to try again at some point in the five-hundred mile journey that they're inexplicably sharing. • They are not falling in love with each other. • They are not falling in love with each other. • They are... Oh, no. *The Pursuit Of...* is a love affair between two men and the Declaration of Independence. It's a novella of around 38,000 words.

The Happiness of Pursuit Open Road Media

After his team member, Mike Nash, witnesses a terror attack in Washington, D.C., CIA superagent Mitch Rapp must pursue the al Qaeda terrorists responsible as he fights a covert war that can never be discussed, even with the government's own political leaders.

Alzheimer's is the great global epidemic of our time, affecting millions worldwide

-- there are more than 5 million people diagnosed in the US alone. And as our population ages, scientists are working against the clock to find a cure. Neuroscientist Joseph Jebelli is among them. His beloved grandfather had Alzheimer's and now he's written the book he needed then -- a very human history of this frightening disease. But *In Pursuit of Memory* is also a thrilling scientific detective story that takes you behind the headlines. Jebelli's quest takes us from nineteenth-century Germany and post-war England, to the jungles of Papua New Guinea and the technological proving grounds of Japan; through America, India, China, Iceland, Sweden, and Colombia. Its heroes are scientists from around the world -- many of whom he's worked with -- and the brave patients and families who have changed the way that researchers think about the disease.

During the Great Depression, the Los Angeles area was rife with radical movements. Although many observers thought their ideas unworkable, even dangerous, Southern Californians voted for them by the tens of thousands. This book asks why. To find answers, author Errol Wayne Stevens takes readers through the history of such movements as the Utopian Society, Dr. Francis Townsend's old-age revolving pension plan, Upton Sinclair's End Poverty in California gubernatorial campaign, and Retirement Life Payments, known as Ham and Eggs. The book also examines the Los Angeles Communists and the free-market capitalists, both quasi-religious movements with large followings, as well as the self-help cooperatives, a spontaneous upsurge of neighbors who came together to help

one another in a time of desperate need. As to these movements' extraordinary popularity, Stevens finds the standard explanations unpersuasive. He debunks the idea that naïve, unsophisticated Southern Californians, living aimless, empty lives, suffering from ennui, and longing for community, readily supported charismatic leaders who promised a way out of the Great Depression. In Stevens's telling, Southern Californians supported these movements because they spoke to their needs. Fearful or desperate, some elderly and hopeless, Angelenos cared less about the programs' feasibility than about their promise of relief. As one Ham and Eggs supporter succinctly explained: "It may be a racket and maybe it won't work more than a couple of weeks, but that will be \$60 more than I ever got before for one vote." Finding parallels between past and present, readers might wonder why people remain loyal to programs that prove unrealistic, or why voters continue to support leaders who reveal, time and again, their ignorance or dishonesty. In its illumination of a troubled time in American history not so long ago, this book offers insight into our own.

The Pursuit of Power London ; New York : T. Nelson

"Perry is the best suspense writer in the business. . . . Pursuit is relentless, filled with twists and turns, that rare page-turner that keeps one reading late into the night to finish." --The Boston Globe
Thirteen bodies are found in a Louisville restaurant. When the police can find no suspect or motive, a victim's family seeks the services of the enigmatic and solitary specialist Roy Prescott, known for his ability to find people who don't want to be found. Working outside the law and willing to do what the police

can't, Prescott hunts the killer, an elusive adversary who is as smart, as methodical, as deadly as he is. The only way to conduct this pursuit is to goad the killer into believing that he must kill Roy Prescott. It is a contest fought from one end of the country to the other, and both men understand that when it's over, only one of them will be alive.

Frensic is a literary agent who honors the 18th century, as portrayed in the works of Smollett and Fielding, by drinking port, taking snuff and bathing only occasionally. He recognizes, however, that he has to make a living in the modern world and, although he despises the majority of the books he handles, he has developed a "nose" for a bestseller.

Pursuit of Honor Patrick Frey Edition

One of the 20th century's most prolific and inspiring communicators has become one of the 21st century's most prophetic and popular writers. Thanks to the careful curation of James L. Snyder, a pastor in Tozer's church denomination who has exclusive access to a treasure trove of unpublished Tozer content, we have Tozer's teachings on a vast number of topics. And now, for the first time, there is a new daily devotional featuring never-before-published content. The famed evangelist Leonard Ravenhill, who knew Tozer personally, said, "To enter into Dr. Tozer's presence was an awe-inspiring event." Now, with My Daily Pursuit, readers will be able to do even more as they enter into the presence of Jesus every day through this awe-inspiring book

What It Takes Gospel Light Publications

Like many, I have given the origin and meaning of life a great deal of thought in an effort to live it fully-with grace and intelligence. In the process, I discovered

that theological/philosophical discussions on reality are empty without the consideration of scientific inquiry as they inform each other on the nature of human existence. We can benefit immensely from the great minds chronicled in this book that have dramatically changed the world and helped man imagine himself in it-leading to one's own self-discovery. DISCOVER: In Theology Is the soul immortal? Is reincarnation possible? Islam's holiest shrine in Mecca was built by the founding father of the Jewish nation. How one man uprooted 1500 years of Roman Catholic domination with a simple document. In Philosophy Is the world pre-determined with orderly harmony or governed by man's free will? Is knowledge gained solely from experience and reasoning-or is it innate? How the self-awareness of existentialism allows one to live an authentic life. How 9th century Muslim scholars contributed to the foundation of modern civilization. In Science What makes all physical matter stable? How does matter reproduce itself? Isaac Newton described gravity's effect, but it was Einstein who showed how it originated. Did man evolve or was he created? The search for a unifying theoretical basis of all the sciences.

Golden State Warriors insider and bestselling author Marcus Thompson “paints a complex portrait and captures all the multitudes of a dynamic athlete trying to carve his legacy” (Jonathan Abrams, New York Times bestselling author) with this definitive biography of one of the most extraordinary basketball players in NBA history—Kevin Durant. The NBA has never seen a player quite like Kevin Durant. Larry Bird wasn’t as quick, Magic Johnson didn’t have such a range, and Michael Jordan wasn’t seven feet tall. Durant handles the ball like Allen Iverson, shoots like Dirk Nowitzki, and has the scoring instincts of Kobe Bryant. He does it in a body that’s about as big as Hakeem Olajuwon. But ultimately, Kevin Durant is like no one but himself. After an incredible first season with Golden State, Kevin Durant earned the coveted NBA Finals MVP award: he was the Warriors’ top scorer in every game of the 2017 Finals, helping the team snatch the title from LeBron James and the defending champion Cleveland Cavaliers. As a sports columnist for The Athletic Bay Area, and longtime beat reporter covering the Golden State Warriors, Marcus Thompson is perfectly positioned to trace Durant’s inspirational journey. KD

follows Durant’s underdog story from his childhood spent in poverty outside DC; to his rise playing on AAU teams with future NBA players; to becoming a star and hometown hero for the Oklahoma Thunder; to his controversial decision to play for the NBA rival Golden State Warriors; to his growth from prodigy into a man, in the first true inside account of this superstar player. With his “gift for insight into people, in a way that might be sui generis among writers” (Ethan Strauss, The Athletic), Thompson has written a powerful, moving biography of a modern-day legend that is also an essential read for all sports fans—or anyone who wants to know: what’s it like to shoot for greatness?

Janet Evanovich, author of the blockbuster Stephanie Plum novels, and Lee Goldberg, writer for the Monk television show, team up once again in their New York Times bestselling Fox and O’Hare series! Nicolas Fox, international con man, thief, and one of the top ten fugitives on the FBI’s most-wanted list, has been kidnapped from a beachfront retreat in Hawaii. What the kidnapper doesn’t know is that Nick Fox has been secretly working for the FBI. It isn’t long before Nick’s covert partner, Special Agent Kate O’Hare, is in hot pursuit of the crook who stole her con man. The trail leads to Belgium, France, and Italy, and pits Nick and Kate against their deadliest adversary yet: Dragan Kovic, an ex-Serbian military officer. He’s plotting a crime that will net him billions . . . and cost thousands of American lives. Nick and Kate have to mount the

most daring, risky, and audacious con they've ever attempted to save a major U.S. city from a catastrophe of epic proportions. Luckily they have the help of an eccentric out-of-work actor, a bandit who does his best work in the sewers, and Kate's dad, Jake. The pressure's on for Nick and Kate to make this work—even if they have to lay their lives on the line.

Manhattan, Thanksgiving eve, 1945. The war is over, and Eric Smythe's party was in full swing. All his clever Greenwich Village friends were there. So too was his sister Sara, an independent, outspoken young woman, starting to make her way in the big city. And then in walked Jack Malone, a U.S. Army journalist just back from a defeated Germany, a man whose world view was vastly different than that of Eric and his friends. This chance meeting between Sara and Jack and the choices they both made in the wake of it would eventually have profound consequences, both for themselves and for those closest to them for decades afterwards. Set amidst the dynamic optimism of postwar New York and the subsequent nightmare of the McCarthy era, *The Pursuit of Happiness* is a great, tragic love story; a tale of divided loyalties, decisive moral choices and the random workings of destiny.

The Pursuit of Happiness Vintage

A remarkable guide to the quests that give our lives meaning—and how to find your own—from the New York Times bestselling author of *The \$100 Startup* and *100 Side Hustles* “If you like complacency and mediocrity, do not read this book. It's dangerously inspiring.”—A. J. Jacobs, author of *The Know-It-All* When he set out to visit all of the planet's countries by age thirty-five, compulsive goal-seeker Chris Guillebeau

never imagined that his journey's biggest revelation would be how many people like himself exist—each pursuing a challenging quest. These quests are as diverse as humanity itself, involving exploration, the pursuit of athletic or artistic excellence, or battling against injustice and poverty. Everywhere that Chris visited he found ordinary people working toward extraordinary goals, making daily down payments on their dreams. These “questers” included a suburban mom pursuing a wildly ambitious culinary project, a DJ producing the world's largest symphony, a young widower completing the tasks his wife would never accomplish—and scores of others writing themselves into the record books. The more Chris spoke with these strivers, the more he began to appreciate the direct link between questing and long-term happiness, and he was compelled to complete a comprehensive study of the phenomenon. In *The Happiness of Pursuit*, he draws on interviews with hundreds of questers, revealing their secret motivations, their selection criteria, the role played by friends and family, their tricks for solving logistics, and the importance of documentation. Equally fascinating is Chris's examination of questing's other side. What happens after the summit is climbed, the painting hung, the endurance record broken, the at-risk community saved? A book that challenges each of us to take control—to make our lives be about something while at the same time remaining clear-eyed about the commitment—*The Happiness of Pursuit* will inspire readers of every age and aspiration. It's a playbook for making your life count. “*The Happiness of Pursuit* is smart, honest, and dangerous. Why dangerous? Because it

is as practical as it is inspiring. You won't just be daydreaming about your quest—you'll be packing for it!"—Brené Brown, Ph.D., LMSW, author of *Daring Greatly*
