From New York Times bestselling author Nina Bangs comes the third novel in the Castle of Dark Dreams series. Goddesses kick butt when you tick them off—Conall O'Rourke learned this the hard way after killing an Irish deity's favorite in battle. His punishment? He's cursed to protect Kavanagh descendants down to the last arrogant jerk. Now there's only one left, and Conall thirsts to claim his freedom after centuries of servitude. But who knew the remaining Kavanagh would be so beautiful... Gerry Kavanagh has dedicated herself to tracking down bad guys of the nonhuman variety. Unfortunately, she finds more than the wereweasel she's after at the Castle of Dark Dreams. The most despised member of the O'Rourkes expects to shadow her every step so he can "serve and protect" her. Nope. Never going to happen. Too bad he takes hot way beyond sizzling... *Stephen Biesty's Cross-Sections Castle* AuthorHouse

"A unique, inventive exploration of love, loss, and survival." —Kristin Hannah, #1 New York Times bestselling author of *The Nightingale* "A moving, harrowing, and downright literary novel." —Michelle Gable, New York Times bestselling author of *A Paris Apartment* "Brilliant, clever, riveting—pick your adjective, they all apply." —Thomas Christopher Greene, bestselling author of *The Headmaster's Wife* Two very different people, one very small island. For Sophie Ducler, her honeymoon in French Polynesia was intended as a celebration of life. The proud owner of a thriving Parisian architecture firm, co-founded with her brilliant new husband, Sophie had much to look forward to—including a visit to the island home of her favorite singer, Jacques Brel. For Barry Blecker, the same trip was meant to mark a new beginning. Turning away from his dreary existence in Manhattan finance, Barry had set his sights on fine art, seeking creative inspiration on the other side of the world—just like his idol, Paul Gauguin. But when their small plane is downed in the middle of the South Pacific, the sole survivors of the wreck are left with one common goal: to survive. Stranded hundreds of miles from civilization, on an island the size of a large city block, the two castaways must reconcile their differences and learn to draw on one another's strengths if

they are to have any hope of making it home. Told in mesmerizing prose, with charm and rhythm entirely its own, Dane Huckelbridge's *Castle of Water* is more than just a reimagining of the classic castaway story. It is a stirring reflection on love's restorative potential, as well as a poignant reminder that home—be it a flat in Paris, a New York apartment, or a desolate atoll a world away—is where the heart is.

'Deft, ambitious, tender and humane, *Night Fishing* is the most breathtakingly original memoir you will ever read. In this "natural history" of the author herself, we travel gently through childhood and family, grief, love and solitude - and her spellbinding twin obsessions with art and the natural

world. It is the work of a questing, roving intellect and a rare humility, and Hastrich's sheer joy in language infuses the whole with a deliciously sly, intelligent humour. I'd liken her to an antipodean Annie Dillard with a fishing rod in one hand and the whole of western art history in the other - except there simply is no other writer like Hastrich. This book will tell you things you never knew about your world and yourself, and you will never forget it. Night Fishing is a masterpiece, and Vicki Hastrich is a world-class writer.' - Charlotte Wood, author of *The Natural Way of Things* Vicki Hastrich takes the reader on a stunning voyage through her writer's life and across her chosen patch: the private byways of Brisbane Water, north of Sydney, where she has spent much of her life. Hastrich fuses her intimate, loving knowledge of a tiny arena of Australia's natural world with the grand influence of ideas from throughout civilisation - from the baroque to the American Western, and artists as diverse as Zane Grey, Tiepolo and Goya - to create a truly original and deeply pleasurable collection. Night Fishing unfolds as a series of expeditions or essays, undertaken in the spirit of the philosopher scientist. All the while, slowly, thoughtfully, Hastrich reveals the ordinary and remarkable detail of her life, from her childhood by the sea to her life as a camera operator for the ABC, as a historian and amateur marine biologist, and as a single woman exploring her small stretch of water. The result is entirely new, entirely fresh and profoundly captivating. Night Fishing is a tonic for those of us who have forgotten how to slow down, how to look around, how to be part of our natural world. It will take its place alongside classics of observation and nature by David Malouf, Tim Winton and Annie Dillard.

The first book in the series "What neither schools nor grownups can ever teach you..." tells six explanatory stories about six conventional things. Everyone knows what a road is or how pain feels, or how music sounds. This book is about these things, but from an imaginative perspective. The stories invite us to reflect, question and above all to deal creatively with our everyday life. They take away the fear from the readers of having their own view of the world. Especially in the world, where everything is digitized and facts are just a click away, the book helps to reflect on the basic human need: pleasure in dreaming, exploring and discovering.

The Enchanted Castle is a novel for young readers by Edith Nesbit, who was writing in the late Victorian and early Edwardian era in Britain. As in her other children's books, it begins in the everyday world but quickly brings in the fantastical and magical. A large part of the delight of Nesbit's books is that her children behave in quite ordinary ways, getting into scrapes, getting dirty and their clothes torn, making decisions which seem right to them at the time but which are generally wrong-headed. It's the contrast between the ordinariness of the children and the magical adventures they become involved in which makes the books so charming. The Enchanted Castle was originally serialized in *The Strand Magazine* alongside stories by Rudyard Kipling and Arthur Conan Doyle. The first book edition was published in 1907. In the story, Kathleen and her brothers Gerald and Jimmy find a way into a remarkable garden designed to create a Palladian landscape, full of statues and pseudo-Classical temples and buildings. It is not long before they come across a sleeping Princess. They wake her, and she introduces them to an item of real magical value, a ring which makes its wearer invisible. But once on, the ring won't come off! "Those of my readers who have gone about much with an invisible companion will not need to be told how awkward the whole business is," comments the author, which is indicative of the simple and direct language she uses, and the humor of the books. Even the invisibility ring, however, is not quite as simple as it seems; and many interesting and amusing adventures follow. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Enchanted Castle is a children's fantasy tale by Edith Nesbit, author of *The Railway Children*, *Five Children and It* plus many Others. The Enchanted Castle a country estate in the West Country of England (Cornwall, Devon, Dorset and Somerset) seen through the eyes of three children, Jerry, Jimmy, and Kathy, who discover it while exploring during their school holidays in the early 1900's. The lake, groves and marble statues, with white towers and turrets in the distance, make a fairy-tale setting, and then in the middle of the maze in the rose garden, they find a sleeping fairy-tale princess. The "princess" tells them that the castle is full of magic, and they almost believe her. She shows them the treasures of the castle, including a magic ring she says is a ring of invisibility, but when it actually turns her invisible she panics and admits that she is the housekeeper's niece, Mabel, and she was just play-acting. The children soon find that the ring has other magical powers (as all magical rings do) such as making the "Ugly-Wugglies" (Guy Fawkes style dummies they had made to swell the audience at one of their play-performances) come to life. They eventually discover that the ring is actually granting their own wishes, and that the disturbing results stem from their failure to specify those wishes precisely. The Enchanted Castle was written for both children and adults. It combines descriptions of the imaginative play of children, with a magic more muted than in her major fantasies. ===== KEYWORDS/TAGS: enchanted castle, west country, children's fantasy, tale, folklore, myths, legends, Jerry, Jimmy, Kathy, school holidays, lake, groves, marble statues, white, gleaming, towers, turrets, explore, fairy-tale setting, maze, fairy tale princess, sleeping, asleep, castle, palace, magic, magic ring, invisibility, housekeeper, niece, mabel, play-acting, magical powers, ugly wuggly, ugly-wuggly, ugly wugglies, guy fawkes, contemporary fantasy, fiction, imagination, railway children, five children and it, Castle hall, magnificent, deceiver, head first, entrance, enchanted garden, red clue, across the grass, straight, breathless, result, game, question, candle, silver frame, mirror, shadow, bread and butter, missy, policemen, go home, stone beast, silver, sea chest, landing stage, stagger, water butt, eliza, dishevelled, breathless, french peck, lovely, blue-black hair, limp hand, telling lies, strange procession, pointed, painted, paper face, peer, pieces, hats, raised, crowded place, statue, monster lizard, tremble, swim, celestial picnic, eager, alert, very keen, American,

THE ENCHANTED CASTLE (Illustrated Edition) Allen & Unwin

Vernon and Irene Castle popularized ragtime dancing in the years just before World War I and made dancing a respectable pastime in America. The whisper-thin, elegant Castles were trendsetters in many ways: they traveled with a black orchestra, had an openly lesbian manager, and were animal-rights advocates decades before it became a public issue. Irene was also a fashion innovator, bobbing her hair ten years before the flapper look of the 1920s became popular. From their marriage in 1911 until 1916, the Castles were the most famous and influential dance team in the world. Their dancing schools and nightclubs were packed with society figures and white-collar workers alike. After their peak of white-hot fame, Vernon enlisted in the Royal Canadian Flying Corps, served at the front lines, and was killed in a 1918 airplane crash. Irene became a movie star and appeared in more than a dozen films between 1917 and 1922. The Castles were depicted in the Fred Astaire-Ginger Rogers movie *The Story of Vernon and Irene Castle* (1939), but the film omitted most of the interesting and controversial aspects of their lives. They were more complex than posterity would have it: Vernon was charming but irresponsible, Irene was strong-minded but self-centered, and the couple had filed for divorce before Vernon's death (information that has never before been made public). Vernon and Irene Castle's Ragtime Revolution is the fascinating story of a couple who reinvented dance and its place in twentieth-century culture.
