American Sniper

Little, Brown
A riveting oral history
of the US Navy
SEALs—from World
War II to Vietnam to
Iraq—in the words of
the warriors
themselves “It is better
to die than to look bad

or lose.” —Capt.
Ronald Yeaw There is
no more elite fighting
force in the world than
the esteemed US Navy
SEALs. Famous for
their rigorous training,
fearlessness, and
incomparable skills on
sea, air, and land,
these are the warriors
who are routinely
charged with carrying
out the most
dangerous combat

assignments, always in secret and under cover of darkness. Much has been written about their remarkable achievements, from the earliest days of the World War II Underwater Demolition Teams through action in the Persian Gulf. But now these courageous men get to speak for themselves, telling their riveting war stories in their own words. Veteran military author Orr Kelly (Brave Men, Dark Water) has gathered together the stunning recollections of current and former SEALs to present a vivid and breathtaking picture of life and death among the best of the best in US Military Special Operations. These brave men speak openly about their training and their

missions, offering the uncensored, inspiring, sometimes shocking truth about their combat triumphs and the rare but devastating failures. They carry the reader along with them on the path to glory and into the blistering heat of the fires of war.

Shoot Like a Navy SEAL: Training Guide for Beginners Are you looking to learn how to shoot like a trained soldier? That is exactly what you'll learn from this book. You won't find the basics of gun parts, or how to load your ammunition

without dropping it here. This book contains the techniques of shooting with accuracy, again and again! It's not unrealistic to think that you can. You just need to master the fundamentals, and practice them well enough so that you don't need to think about them while shooting. After that, you'll be able to focus on more advanced factors, and truly learn to be a sharp shooter! This book aims to teach the reader how to accurately shoot from whatever distance their firearm can handle. Sniping is a unique and highly specialized skill, and only those who have already excelled in shorter range shooting need attempt it. If you are ready to learn the

skills of a sniper, it is assumed you do not need to become familiar with the fundamentals presented in this book. Therefore, how to be a sniper is not covered in this fundamental shooting book. The use of both pistols and rifles is important to the well-rounded shooter, but I feel that many shooters looking to sharp shoot will be interested in longer ranges than pistols allow for. That's why we'll only briefly touch on any specific pistol use in this book. However, the fundamentals are often similar, if not mostly the same. The basics can be applied to any type of small arms shooting, including pistols and rifles. Download your E book "Shoot Like a Navy

How to Shoot Like a Navy SEAL Twelve Navy SEAL sniper and New York Times bestselling author Brandon Webb's personal account of eight of his friends and fellow SEALs who made the ultimate sacrifice. "Knowing these great men—who they were, how they lived, and what they stood for—has changed my life. We can't let them be forgotten. We've mourned their deaths. Let's celebrate their lives."—Brandon Webb

As a Navy SEAL, Brandon Webb rose to the top of the world's most elite sniper corps, experiencing years of punishing training and combat missions from

the Persian Gulf to Afghanistan. Along the way, Webb served beside, trained, and supported men he came to know not just as fellow warriors, but as friends and, eventually, as heroes. This is his personal account of eight extraordinary SEALs who gave all for their comrades and their country with remarkable valor and abiding humanity: Matt "Axe" Axelson, who perished on Afghanistan's Lone Survivor mission; Chris Campbell, Heath Robinson, and JT Tumilson, who were among the casualties of Extortion 17; Glen Doherty, Webb's best friend, killed while helping secure the successful rescue and extraction of American CIA and State

Department diplomats in Benghazi; and other close friends, classmates, and fellow warriors. These are men who left behind powerfully instructive examples of what it means to be alive—and what it truly means to be a hero. INCLUDES PHOTOGRAPHS

The Making of a Navy SEAL Little, Brown

The sniper is a battlefield threat second to none. Mastering the art of marksmanship is critical but is only part of what makes a Navy SEAL sniper. Snipers must be able to apply the craft in an urban environment or alone on a hostile mountain top with equal effectiveness. Today's sniper must not just leverage technological advances but also have the foreknowledge to

select the best rifle and gear for the mission. Increasingly, he must have the mental toughness to adapt to a constantly changing environment, gather intelligence, and truly act as a force multiplier. In this comprehensive look through the eyes of former Navy SEAL sniper instructor Brandon Webb and fellow Navy SEAL snipers Chris Kyle and Glen Doherty, the authors reveal not just the fundamentals of marksmanship but also the science of shooting, stalking, and camouflage and how technological advances have changed the training and increased the effectiveness of the modern sniper. Including maritime, helicopter, and urban sniper operations, this

updated edition also goes into detail on the latest research, development, testing, and evaluation of weapons and optics. From the basics like compensating for wind and bullet drop, to camouflage and placing yourself or your team in the best position to take a photo or pull a trigger, Webb and Doherty cover the critical elements that comprise the twenty-first century sniper. *Shoot Like a Navy Seal* Macmillan

SEAL Survival Guide: Active Shooter and Survival Medicine
Excerpt Henry Holt and Company (BYR)

In April of 1972, SEAL Lieutenant Tom Norris risked his life in an unprecedented ground rescue of two American airmen who were shot down behind enemy lines in North Vietnam, a feat for which he would be awarded the Medal of Honor--an award that represents the pinnacle of heroism and courage. Just six months later, Norris was sent on a dangerous special reconnaissance mission that would take his team deep

into enemy territory. On that mission, they engaged a vastly superior force. In the running gun battle that ensued, Lieutenant Norris was severely wounded; a bullet entered his left eye and exited the left side of his head. SEAL Petty Officer Mike Thornton, under heavy fire, fought his way back onto a North Vietnamese beach to rescue his officer. This was the first time Tom and Mike had been on a combat mission together. Mike's act of courage and loyalty marks the only time in modern history that the Medal of Honor has been awarded in a combat action where one recipient received the Medal for saving the life of another. By Honor Bound is the story of Tom Norris and

Mike Thornton, two living American heroes who grew up very differently, entered military service and the Navy SEAL teams for vastly different reasons, and were thrown together for a single combat mission—a mission that would define their lives from that day forward.

Simon and Schuster
"Fractions of a second in time. What amazing violence can be meted out in the blink of an eye." In the mid-nineteen sixties, Harry Constance made a life-altering journey that led him out of Texas and into the jungles of Vietnam. As a young naval officer, he went from UDT training to the U.S. Navy's newly formed SEAL Team Two, and then straight into furious action. By 1970, he was already the veteran of three hundred combat missions and the recipient of thirty-two military citations, including three Bronze Stars and a Purple

Heart. Good To Go is Constance's powerful, firsthand account of his three tours of duty as a member of America's most elite, razor-sharp stealth fighting force. It is a breathtaking memoir of harrowing missions and covert special-ops—from the floodplains of the Mekong Delta to the beaches of the South China Sea—that places the reader in the center of bloody ambushes and devastating firefights. But his extraordinary adventure goes even farther—beyond 'Nam—as we accompany Constance and the SEALs on astonishing missions to some of the world's most dangerous hot-spots . . . and experience close-up the courage, dedication, and

unparalleled skill that made the U.S. Navy SEALs legendary. Includes 8 Pages of SEAL Team Action Photos!

The Killing School

Harper Collins

When the Navy sends their elite, they send the SEALs. When the SEALs send their elite, they send SEAL Team Six—a secret unit made up of the finest soldiers in the country, if not the world. This is the dramatic tale of how Howard Wasdin overcame a tough childhood to live his dream and enter the exciting and dangerous world of Navy SEALs and Special Forces snipers. His training began with his selection for Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military

training in the world. After graduating, Wasdin saw combat in Operation Desert Storm as a member of SEAL Team Two. But he was driven to be the best of the best—he wanted to join the legendary SEAL Team Six, and at long last he reached his goal and became one of the best snipers on the planet. Soon he was fighting for his life in Africa, hunting the Somalian warlord Aidid. But the mission fell apart when his small band of soldiers found themselves cut off from help and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. This is Howard

Wasdin's story of overcoming numerous obstacles to become an elite American warrior.

Navy SEALs: Mission at the Caves Simon and Schuster

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." —PATRICIA CORNWELL, New York Times Book Review
"Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times
From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills

in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary

battlefield experiences ranks as one of the great war memoirs of all time.

Shoot Like a Navy Seal

Harper Collins
The incredible true story of former Navy SEAL Mike Day, who survived being shot twenty-seven times while deployed in Iraq. On the night of April 6, 2007, in Iraq's Anbar Province, Senior Chief

Mike Day, his team of Navy SEALs, and a group of Iraqi scouts were on the hunt for a high-level al Qaeda cell. Day was the first to enter a 12x12 room where four terrorist leaders were waiting in ambush. When the gunfight was over, he took out all four terrorists in the room, but not before being shot twenty-seven times and hit with grenade shrapnel. Miraculously, Day cleared the rest of the house and rescued six women and children before walking out on his own to an awaiting helicopter, which flew him to safety. While in the hospital, the Navy SEAL lost fifty-five pounds in two weeks. It took almost two years for Day to physically recover from his injuries, although he

still deals with pain. Like so many veterans, doctors diagnosed Day with Post Traumatic Stress Disorder and Traumatic Brain Injury - the invisible wounds of war. Perfectly Wounded is the remarkable story of an American hero whose incredible survival defies explanation, and whose blessed life of service continues in the face of unimaginable odds.

BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, *The Red Circle* provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy "sniper cell" and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors-including

Marcus Luttrell and Chris Kyle—that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150 confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations

warriors who are at the forefront of today's military.
