Mary Mapes's *Truth* (previously published as *Truth & Duty*) was made into the 2015 film *Truth*, starring Cate Blanchett, Robert Redford, Topher Grace and Elizabeth Moss. A riveting play-by-play of a reporter getting and defending a story that recalls *All the President's Men*, *Truth* puts readers in the center of the "60 Minutes II" story on George W. Bush's shirking of his National Guard duty. The firestorm that followed that broadcast--a conflagration that was carefully sparked by the right and fanned by bloggers--trashed Mapes' well-respected twenty-five year

producing career, caused newsman Dan Rather to resign from his anchor chair early and led to an unprecedented "internal inquiry" into the story...chaired by former Reagan attorney general Richard Thornburgh. *Truth* examines Bush's political roots as governor of Texas, delves into what is known about his National Guard duty-or lack of service-and sheds light on the solidity of the documents that backed up the National Guard story, even including images of the actual documents in an appendix to the book. It is peopled with a colorful cast of characters--from Karl Rove to Sumner Redstone--and moves from small-town Texas to Black Rock-CBS corporate headquarters--in New York City. *Truth* connects the dots between a corporation under fire from the federal government and the decision about what kinds of stories a news network may cover. It draws a line from reporting in the

trenches to the gutting of the great American tradition of a independent media and asks whether it's possible to break important stories on a powerful sitting president.

Nel 1989, usciva nei cinema il film Kickboxer. Il cattivo Tong Po, in un incontro di kickboxing, rompeva le ossa allo sfidante statunitense Eric Sloane, ferendolo letalmente tanto da costringerlo sulla sedia a rotelle. Nel finale, suo fratello, interpretato da Muscles from Bruxelles, "in arte" Jean-Claude Van Damme, lo vendicava "clandestinamente", vincendo la tenzone di veri, "vitrei", potenti colpi furibondi, ma non uccideva Po, lasciando che, nel seguito, Vendetta per un angelo, fosse un combattente biondo a distruggere e "amputare" il malefico villain. In questo mio terzo episodio letterario-cinematografico, son fantasiosamente tornato "indietro", laddove vendetta "omicida" non fu nel primo film. Eric, vendicato, sì, ma non "ripristinato" nel cor(po) della sua spezzata grinta per sempre smarritasi nella malinconia contemplativa, osserva, in queste mie passionali pagine sanguigne, la languidezza visionaria del suo sperante "spettro" disperato, scarnificato ed eclissatosi in una metafisica solitudine ancestrale, sven(tr)ato da un dolore irrisarcibile e ancor nelle sue viscere b(r)uc(i)ante. Cos'avverrà?

For the first time after years of study and researches, it is possible to present to the western public a deep analysis of the most advanced and lethal fighting strategies of the Siamese tradition (Muay Thai): the Look Mai Muay Thai Boran. The Look Mai are the real "secret weapons" that every Bramajarn (Grand Master) of the past jealously kept, revealing them only to their most loyal students. If the Mae Mai (basic strategies) are for everyone, the Look Mai are for the elected; if the fundamental techniques by definition may be performed after a short period of time, the Look Mai are not within the medium student's reach. Their domination marks out the real superstar the Art of the traditional Muay. In this volume you will find: the principles which are the basis of the most advanced Muay Boran techniques, the Physics of Muay Thai, the keys to interpretation of the cryptic language of Look Mai; furthermore, an analysis of the traditional Muay Chaiya and Muay Korat styles, offensive strategies and the Art of defense, the study of the vital points, the Thai traditional grappling. Cameron Jacobs è un libro aperto. Si considera uno qualunque, un cameriere come tanti con amici normali, hobby noiosi, cani innocui e nulla che somigli a un segreto... a parte la cotta che ha

per un uomo alto, tenebroso e bello in modo sconcertante che cena da solo ogni martedì sera nel ristorante in cui lui lavora. Basta una sola notte di passione con Julian Cross per sconvolgere tutto il suo mondo. L'amore e la devozione di Julian sono molto più di quanto Cameron avrebbe mai potuto sperare. Ma quando la sua esistenza ordinaria viene a contatto - e si scontra - con lo stile di vita straordinario di Julian, Cameron scopre che la paura e la fiducia possono andare a braccetto e che l'amore è solo a un passo di distanza dal pericolo.

Tutti, su un libro di storia, riconoscerebbero la fotografia di un balilla. Ma davvero i giovani fascisti, le loro divise e i loro simboli appartengono soltanto al passato? Esiste una trasmissione sempre più manifesta di valori, un passaggio tra le generazioni che conserva il culto dell'autoritarismo, della violenza e della morte, l'ossessione razzista e xenofoba, la disciplina militaresca e la pulsione identitaria che già una volta hanno formato un'intera generazione di ragazzi. Paolo Berizzi, che da anni indaga sulla rinascita delle organizzazioni di estrema destra nel nostro paese, si mette sulle tracce di un fenomeno tanto diffuso quanto sottovalutato: il ritorno dell'educazione fascista. Da nord a sud l'Italia è percorsa da una tendenza ormai visibile e capillare, capace di modellare i costumi e la mentalità attraverso potenti suggestioni. C'è una rete di palestre in cui gli sport da combattimento si usano per allevare picchiatori, militanti, "uomini nuovi". Sono tornate le colonie estive per insegnare l'ordine e l'obbedienza ai bambini. Inquietanti formazioni neofasciste indottrinano i giovani soldati politici per presidiare le curve degli stadi e le scuole, le associazioni e le piazze.

Nell'epoca sovranista l'estrema destra è sempre più minacciosa. Sulla nuova educazione fascista che dilaga in Italia non si può più tacere.

The 'Southern Question' has been a major topic in Italian political, economic and cultural life for a century and more. During the Cold War, it was the justification for heavy government intervention. In contemporary Italy, a major part of the appeal of the Lombard League has been its promise to dissociate the South from the North, even to the point of secession. The South also remains a resonant theme in Italian literature. This interdisciplinary book endeavours to answer the following: - When did people begin to think of the South as a problem? - Who - intellectuals, statisticians, criminologists, political exiles, novelists (among them some important southerners) - contributed to the discourse about the South and why? - Did their view of the South correspond to any sort of reality? - What was glossed over or ignored in the generalized vision of the South as problematic? - What consequences has the 'Question' had in controlling the imaginations and actions of intellectuals and those with political and other forms of power? - What alternative formulations might people create and live by if they were able to escape from the control of the 'Question' and to imagine the political, economic and cultural differences within Italy in some other way? This timely book reveals how Southern Italians have been affected by distorted versions of a complex reality similar to the discourse of 'Orientalism'. In situating the devaluation of Southern Italian culture in relation to the recent emergence of 'anti-mafia' ideology in the South and the threat posed to national unity by

the Lombard League, it also illuminates the world's stiff inter-regional competition for investment capital.

Combat Muay Boran represents a hands-on approach to Thailand's original traditional fighting style, scientifically structured for hand-to-hand fighting. Compared to the spectacular choreographed performances so popular today in martial arts films and demonstrations, Combat Muay Boran stands out for its primary goal: to empower men and women to fight for their own safety. The techniques illustrated are based on the ancient Chern Muay fighting style: the aggressive use of the 9 natural weapons of the body (Nawarhawooth) to attack, defend and counterattack. In addition, this volume shows the use of the four main traditional attack systems: Throwing, Crushing, Grasping, Breaking.

Conor McGregor is the biggest star in the fight game. The Dubliner has achieved more in three years with the Ultimate Fighting Championship than anyone in the twenty year history of the organization. From an unknown prospect in 2013 to the first man to hold two world titles simultaneously, McGregor's knockout-filled march through the featherweight and then lightweight rankings sent shockwaves through the world. But as effortless as McGregor's heroics have seemed, his journey was far from smooth and his destiny anything but certain. Just another teenager trading martial arts techniques with his friends in a shed, the seemingly delusional boy packed in his plumbing gig - to the massive anxiety of his parents - to chase a pipe dream with little promise of reward. No one could have guessed he would go on to become the biggest pay-per-view attraction in the world. As a technician and tactician inside the cage, McGregor was something special. Outside of the cage McGregor could draw thousands of screaming fans to press events with his wit and presence. And away from the cameras, McGregor's life was built

around a love of treating his friends and a loyalty to his teammates and his hometown. This is not another tale about an athlete who was born exceptional and groomed for success. It is about how one young man, through bloody-minded determination and indomitable spirit, came to change the whole game. Fully updated to put his mega-fight with Floyd Mayweather under the microscope, *Notorious: The Life and Fights of Conor McGregor* explores not just how the fight game changed Conor McGregor, but how Conor McGregor revolutionized the fight game.

The book is the result of a collaboration with the International Society for Sport Traumatology of the Hand (ISSPORTH) and has been designed to meet the needs of all practitioners who work with combat sports athletes. Experience for the first time what it felt like to face Ali in the ring, through accounts of the people that were there - up close! Muhammed Ali cast a blinding light onto his sport, on the tumultuous times he in part initiated, on all of those who surrounded him, and who surround him still. That includes the fighters brave enough to stand alone, across the ring from the greatest heavyweight champion of all time. Ali's own story has been told again and again, but the stories of those who faced him have, by and large, been ignored. For each, the moments alone with Ali changed their careers, changed their lives, and affected them for ever. **FACING ALI** tells the story of fifteen men from around the world, from famous names like Joe Frazier, Joe Bugner, George Foreman and Henry Cooper to lesser lights like Tunney Hunsaker and Jurgen Blin. Each man, many for the first time, tell their stories in their own words. The resulting book offers a unique perspective on what it was really like to fight Ali, and gives new insights into the character of the most famous man on the planet.
