Smith's

scrutiny of the
pictorial and
documentary
evidence
results in
some
surprising
findings. He
argues that
the obligation
science placed
on art to
provide
information
was a factor in
the triumph of
Impressionism
during the late
nineteenth
century. He
points out, for
example, that
William
Hodges,

Cook's official artist on his second voyage to the Pacific, was one of the first artists to adopt plein-air methods of painting. Describing the impact of the Pacific world on burgeoning English Romanticism, Smith tells of the crucial influence of Cook's astronomer, William Wales, on S.T. Coleridge's imaginative development. He describes how John Webber's apparently documentary art was

fashioned to suit political concerns. He examines critically the relevance of Edward Said's Orientalism for our understanding of European perceptions of the Pacific

The Dominican Republic

Columbia University Press

The true story of Guatemala's political turmoil of the 1950s as only a master of fiction can tell it Guatemala, 1954. The military coup perpetrated by Carlos

Castillo Armas and supported by the CIA topples the government of Jacobo Árbenz. Behind this violent act is a lie passed off as truth, which forever changes the development of Latin America: the accusation by the Eisenhower administration that Árbenz encouraged the spread of Soviet Communism in the Americas. Harsh Times is a story of international conspiracies and conflicting

interests in the time of the Cold War, the echoes of which are still felt today. In this thrilling novel, Mario Vargas Llosa fuses reality with two fictions: that of the narrator, who freely re-creates characters and situations, and the one designed by those who would control the politics and the economy of a continent by manipulating its history. *Harsh Times* is a gripping, revealing novel that

directly confronts recent history. No one is better suited to tell this riveting story than Vargas Llosa, and there is no form better for it than his deeply textured fiction. Not since *The Feast of the Goat*, his classic novel of the downfall of Trujillo's regime in the Dominican Republic, has Vargas Llosa combined politics, characters, and suspense so unforgettably.

Education for Sustainable Development Goals Walter de Gruyter Demonstrates life in ancient Greece and Rome, and the contributions of those cultures to modern civilization, through hands-on activities such as making a star gazer, chiseling a clay tablet, and weaving Roman sandals. [The Italian Legacy in the Dominican Republic](#) Routledge Dive into the mating habits of privileged

New Yorkers in this hilarious collection of Bushnell's newspaper columns that inspired the hit HBO series. *Sex and the City* is a fantastic and sometimes terrifying foray into the hearts, minds, and mating habits of modern-day New Yorkers. Traveling in packs from lavish parties to high-end clubs, Bushnell's vividly candid characters live out the never-ending search for the perfect relationship.

Bushnell's firsthand commentary on the behavior of the rich and famous is by turns witty and shocking, and always boldly true. In these pages you will meet "Carrie," the young writer looking for love in all the wrong places; "Samantha Jones," the successful proto-cougar who approaches sex just like a man; and "Mr. Big," the captain of industry who jumps from one bed to the next. Equal

parts soap opera, gossip page, sociological study, and dating manual, *Sex and the City*, Candace Bushnell's former New York Observer column, has attracted a cult following and been adapted into two major motion pictures and one of the most popular TV series of our time. This is the groundbreaking work that both decoded and shaped a culture and a generation. Praise for *Sex*

 Esmeralda
 Santiago's
 story begins in
 rural Puerto
 Rico, where
 her childhood
 was full of
 both
 tenderness
 and domestic
 strife, tropical
 sounds and
 sights as well
 as poverty.
 Growing up,
 she learned
 the proper

way to eat a
 guava, the
 sound of tree
 frogs in the
 mango groves
 at night, the
 taste of the
 delectable
 sausage called
 morcilla, and
 the formula
 for ushering a
 dead baby's
 soul to
 heaven. As
 she enters
 school we see
 the clash,
 both hilarious
 and fierce, of
 Puerto Rican
 and Yankee
 culture. When
 her mother,
 Mami, a force
 of nature,
 takes off to
 New York with
 her seven,
 soon to be
 eleven
 children,

<p>Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a new identity. In this first volume of her much-praised, bestselling trilogy, Santiago brilliantly recreates the idyllic landscape and tumultuous family life of her earliest years and her tremendous journey from the barrio to Brooklyn, from translating for her mother at the welfare office to high honors at Harvard.</p>	<p><u>Manual de historia crítica dominicana</u> The Countryman Press First published in 1998. This is Volume III of the twenty-one in the Race, Class and Social Structure series. Looking at social consciousness , in part one it focuses on biblical legends o comparer sociology and then expands to include conceptual constructs and social reality in the second section. <i>The</i></p>	<p><i>Development of Literary Blackness in the Dominican Republic</i> Penguin Books Limited The classic account of the mexican revolution from the acclaimed author. First published in Spanish in 1971, "The Mexican Revolution" has been praised by Mexico's Nobel Prize-winning author Octavio Paz as a notable contribution to history and is widely recognized as a seminal</p>
--	---	--

<p>account of the Mexican Revolution. Written during the author's time as a political prisoner in the famous penitentiary of Lecumberri in Mexico, it sold thousands of copies in its first edition, becoming widely accepted as the official textbook by history faculties in Mexico despite Gilly's continued incarceration. It has gone through more than thirty editions in Mexico and been</p>	<p>translated into French and Greek. This is a comprehensively revised and updated edition of the original text with a foreword by Latin American history scholar Friedrich Katz and a new preface to the English edition by the author. A true "people's history," "The Mexican Revolution" is a stirring, bottom-up account of an event whose reverberations are still felt throughout Latin America</p>	<p>and the rest of the world. What you didn't know about the Mexican Revolution: - In December 1914 the peasant armies of Pancho Villa and Emiliano Zapata conquered Mexico City and established a peasant government there. - Mexico's 1917 constitution granted the right of peasants and peasant communities to own the land they tilled. - Mexico's 1917</p>
---	--	--

constitution established an eight-hour workday, a minimum wage, the rights to establish unions and to collectively bargain, and a right to strike-rights not seen in the United States until the 1930s and later.

Manual de historia crítica dominicana: 1492-1865
Algonquin Books
Developed from years of teaching psychiatry to medical students and residents, this comprehensive text devoted solely to describing the mental status examination (MSE) fills a void in the teaching literature and will be valuable to both students first learning about the MSE and seasoned clinicians seeking an informative reference. The introductory chapter offers basic advice on interviewing patients and eliciting information. Six major sections of the MSE follow and are thoroughly described with a chapter devoted to each: Appearance, Attitude, Activity; Mood and Affect; Speech and Language; Thought Content, Thought Process, and Perception; Cognition; and Insight and Judgment. Each chapter lists a detailed definition of reference for students describing their findings, and are an insightful review even for experienced practitioners. The clinical

relevance of mental status abnormalities is illustrated through frequent examples of disorders that can cause the particular signs and symptoms defined in each chapter. A final chapter describing fictional case histories with hypothetical examples of written mental status reports will be particularly useful for those learning to write such reports. This text is an important addition to the libraries of

students and practitioners who work with psychiatric patients and should help to simplify and organize a challenging task.

Manual de historia crítica dominicana:

1865-1965 [1.

ed Farrar, Straus and Giroux

This work examines the distinct political periods in the country's history, such as the Spanish, French, Haitian, and US occupations and the several

periods of self-rule. It also covers a socioeconomic history by establishing links between socioeconomic conditions and political developments.

Common Trees of Puerto Rico and the Virgin Islands

Bloomsbury Publishing USA

Dawn F.

Stinchcomb identifies and examines the sensitive nature of racism in the literature of the Dominican Republic, a problematic aspect of the

country's heritage from the contact period to the present. *When I Was Puerto Rican* Da Capo Press Using Dominicans in New York City as a case study, Ramona Hernandez challenges the old belief that workers necessarily migrate from one region to another because of supply and demand or because of a de facto government policy to make people leave or stay. As a result, she

shows that the traditional correlation between migration and economic progress does not always hold true. *In the Time of the Butterflies* Routledge THE AGE OF EXTREMES is eminent historian Eric Hobsbawm's personal vision of the twentieth century. Remarkable in its scope, and breathtaking in its depth of knowledge, this immensely rewarding book reviews the uniquely destructive

and creative nature of the troubled twentieth century and makes challenging predictions for the future.

Harsh Times

Yale University Press
WINNER OF THE PULITZER PRIZE IN HISTORY
WINNER OF THE LOS ANGELES TIMES BOOK PRIZE IN HISTORY "Full of...lively insights and lucid prose" (The Wall Street Journal)
an epic, sweeping history of Cuba and its

complex ties to the United States—from before the arrival of Columbus to the present day—written by one of the world’s leading historians of Cuba. In 1961, at the height of the Cold War, the United States severed diplomatic relations with Cuba, where a momentous revolution had taken power three years earlier. For more than half a century, the stand-off continued—through the tenure of ten

American presidents and the fifty-year rule of Fidel Castro. His death in 2016, and the retirement of his brother and successor Raúl Castro in 2021, have spurred questions about the country’s future. Meanwhile, politics in Washington—Barack Obama’s opening to the island, Donald Trump’s reversal of that policy, and the election of Joe Biden—have made the relationship

between the two nations a subject of debate once more. Now, award-winning historian Ada Ferrer delivers an “important” (The Guardian) and moving chronicle that demands a new reckoning with both the island’s past and its relationship with the United States. Spanning more than five centuries, *Cuba: An American History* provides us with a front-row seat as we witness

the evolution of the modern nation, with its dramatic record of conquest and colonization, of slavery and freedom, of independence and revolutions made and unmade. Along the way, Ferrer explores the sometimes surprising, often troubled intimacy between the two countries, documenting not only the influence of the United States on Cuba but also the many ways the island has

been a recurring presence in US affairs. This is a story that will give Americans unexpected insights into the history of their own nation and, in so doing, help them imagine a new relationship with Cuba; “readers will close [this] fascinating book with a sense of hope” (The Economist). Filled with rousing stories and characters, and drawing on more than thirty years of research in

Cuba, Spain, and the United States—as well as the author’s own extensive travel to the island over the same period—this is a stunning and monumental account like no other. *Multicultural America: A Multimedia Encyclopedia* Chicago Review Press Spanning thirty years of writing, *Making Waves* traces the development of Mario Vargas Llosa's thinking on politics and culture, and

shows the breadth of his interests and passions. Featured here are astute meditations on the Cuban Revolution, Latin American independence, and the terrorism of Peru's Shining Path; brilliant engagements with towering figures of literature like Joyce, Faulkner, and Sartre; considerations on the dog cemetery where Rin Tin Tin is buried, Lorena Bobbitt's knife, and the failures of the

English public-school system. *The World Factbook 2003* Oxford University Press This volume reflects the advances in research and methodology that have been made since 1960, as well as the increasing number of topics covered by the historiography of the European expansion. The studies selected demonstrate the range of this material, focusing in particular on

the beginnings of trans-oceanic expansion by the Iberian powers. The volume has the further purpose of showing how the early encounters set precedents for subsequent patterns of interaction. **History of the Caribbean** Grove/Atlantic, Inc. This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This

allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions.  This vivid exposé of corruption and political tyranny in the Dominican Republic rang so true to the reality that the President of that country went on television to denounce the book. Sención's novel follows the lives of three seminary students who suffer from church-state oppression. The book also gives a chilling portrait of Dr. Ramos, a sinister autocrat, who

manages to survive six terms as president of his country through manipulation and tyranny.

 In The Borders of Dominicanidad Lorgia García-Peña explores the ways official narratives and

histories have been projected onto racialized Dominican bodies as a means of sustaining the nation's borders. García-Peña constructs a genealogy of dominicanidad that highlights how Afro-Dominicans, ethnic Haitians, and Dominicans living abroad have contested these dominant narratives and their violent, silencing, and exclusionary effects. Centering the role of U.S.

imperialism in drawing racial borders between Haiti, the Dominican Republic, and the United States, she analyzes musical, visual, artistic, and literary representations of foundational moments in the history of the Dominican Republic: the murder of three girls and their father in 1822; the criminalization of Afro-religious practice during the U.S. occupation between 1916

and 1924; the massacre of more than 20,000 people on the Dominican-Haitian border in 1937; and the 2010 earthquake in Haiti. García-Peña also considers the contemporary emergence of a broader Dominican consciousness among artists and intellectuals that offers alternative perspectives to questions of identity as well as the means to make audible the voices of long-silenced Dominicans.
