 A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and

loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

The Artists in the Novels of Balzac and Balzac's Theory Regarding Inspiration ... Penguin

A pesar de que nos defendamos más o menos en francés, todos, en mayor o menor medida, tenemos dudas a la hora de elegir la palabra, expresión o construcción adecuada de una frase. • ¿Cómo debe decirse: j'ai venu o je suis venu? • ¿Es mejor comer du poison o du poisson? Estructurados en forma de pregunta y respuesta, se trata una gran variedad de temas: escritura, puntuación, verbos, preposiciones y partículas, expresiones, construcción de frases, corrección y estilo...

Twentieth Century Springer Nature

This collection of essays seeks to expand and refine the study of Sino-Japanese transnational cinema. Chapter by chapter, each author writes about two or three transnational films (and the characters within those films) that highlight issues related to migration, exile, and imprisonment. The essays are connected by themes of displacement, liminality, and (mis)communication. Overall, this anthology seeks to demonstrate that in-depth cinematic analysis is key to understanding filmic representations of diasporic and displaced communities in modern Mainland China and Japan.

The Nineteenth Century and After Vintage

Includes section, "Recent book acquisitions" (varies: Recent United States publications) formerly published separately by the U.S. Army Medical Library.

The Academy and Literature

This open access book has been written by ten Belgian health care professionals, nurses, university professors and doctors specializing in palliative care and ethicists who, together, raise questions concerning the practice of euthanasia. They share their experiences and reflections born out of their confrontation with requests for euthanasia and end-of-life support in a country where euthanasia has been decriminalized since 2002 and is now becoming a trivial topic. Far from evoking any militancy, these stories of life and death present the other side of a reality needs to be evaluated more

rigorously. Featuring multidisciplinary perspectives, this thought-provoking and original book is intended not only for caregivers but also for anyone who questions the meaning of death and suffering, as well as the impact of a law passed in 2002. Presenting real-world cases and experiences, it highlights the complexity of situations and the consequences of the euthanasia law. This book appeals to palliative care providers, hematologists, oncologists, psychiatrists, nurses and health professionals as well as researchers, academics, policy-makers, and social scientists working in health care. It is also a unique resource for those in countries where the decriminalization of euthanasia is being considered. Sometimes shocking, it focuses on facts and lived experiences to challenge readers and offer insights into euthanasia in Belgium.
