Fourteen terrifying ghost stories chosen by the master of the macabre, Roald Dahl. 'Spookiness is the real purpose of the ghost story. It should give you the creeps and disturb your thoughts . . .' Who better to choose the ultimate in spine-chillers than Roald Dahl, whose own sinister stories have teased and twisted the imagination of millions? Here are fourteen of his favourite ghost stories, including Sheridan Le Fanu's The Ghost of a Hand, Edith Wharton's Afterward, Cynthia Asquith's The Corner Shop and Mary Treadgold's The Telephone. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales

have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

Ambrose Bierce (1842-1914) was an American writer, journalist, critic, poet, and Civil War veteran, best known for "The Devil's Dictionary" (1911). He dominated the horror genre as the preeminent innovator of supernatural storytelling in the period between the death of Edgar Allan Poe and the rise of H.P. Lovecraft. Bierce's death was as mysterious as his strange stories; sometime around 1914 he left for Mexico, wanting to experience the Mexican Revolution firsthand, and was never to be seen again.

Who's that? Is someone there? A whisper of air brushes your cheek. Then all is still. Maybe it was just the wind. Or maybe it wasn't. . . . Maybe you've just been visited by the late Ida Day lurking in the basement of Hutchinson's public library or the widow Tarot staring forlornly from an upstairs window at Fort Scott, or the phantom Earl floating behind the scenes in Concordia's Brown Grand Theater. And maybe the horrific Albino Woman truly does haunt Topeka, turning romantic nights into nightmares. . . . maybe. Pursuing the stories behind these and other spectral manifestations, Lisa Hefner Heitz has traveled the state in search of its ghostly folklore. What she has unearthed is a fascinating blend of oral histories, contemporary eye-witness accounts, and local legends. Creepy and chilling, sometimes humorous, and always engaging, her book features tales about ghosts, poltergeists, spook lights, and a host of other restless spirits that haunt Kansas. Heitz's spine-tingling collection of stories raps and taps and moans and groans through a wealth of descriptions of infamous Kansas phantoms, as well as disconcerting personal experiences related by former skeptics. Many of these ghosts, she shows, are notoriously linked to specific structures or locations, whether it is an eighteenth-century mansion in Atchison or a deep--some have claimed bottomless--pool near Ashland. The evanescent apparitions of these tales have frightened and at times amused Kansans throughout the state's long history. Yet this is the first book to capture for posterity the lively antics of the state's ghostly denizens. Besides preserving a colorful and imaginative, if intangible, side of the state's popular heritage, Heitz supplies ghost-storytellers with ample hair-raising material for, well, eternity. Maybe that person breathing softly behind you has another such story to share. Oh, no one's there? Perhaps it really was just the breeze off the prairie.
